TRIAL VERSION
<http://www.digitzone.com>

Background:

The Bwayise Orphanage is located in a slummy suburb of Kampala with 46 Children at the time of reporting. 29 of these children are able to walk and help the other 17 children who can't move around properly due to different health and physical reasons. 3 of the Children in this orphanage are living with HIV and receiving support from RHU.

With one Care taker, who is also heavily ill at the moment and is permanently battling diabetes among other illnesses, the orphanage depends mostly of support provided by RHU and Individuals from RHU. Out of the 46 kids, only 21 children are in school from this orphanage, leaving the others behind. The criteria for selection of who goes to school has remained on a per capacity basis. (Someone has to express utmost capabilities of coping up in school without all requirements). School fees are currently being paid by two individuals from RHU, each of the nine children pays between 450,000 to 700,000 and scholastic materials between 160,000 and 300,000 depending on class. For the past few years, when one child reaches a demanding class (Candidate Class where graduation is attained), resources fail due to limitations in finances. This leaves children with only a chance to attain language skills (English Only) and basic education generally at primary level. The Paediatric Association of Uganda where Dr. Busonga is a former Chairperson is providing free treatment to the Paediatric HIV children at the orphanage, this excludes other required treatments for opportunistic infections which RHU now provides.

When it rains, (Which has been the case between September and December 2019), the flooding collects all the city sewerage to the orphanage compound. Children faced with malnutrition are affected more with the diseases that come along with the sewerage because many of them don't walk and they use their hands to crawl. Infection rates at this orphanage are unexplainable, children are living the lives no one would ever imagine and the standards of living including a place where they sleep is tear dropping.

With Continuous visits, medical support, special treatment and general support from RHU towards kids in this orphanage, we have seen some of the kids grow older and healthier. We can communicate with them verbally and we have conducted consultations with possible

support groups but we haven't received any positive results towards supporting these children. This is a sign that we need to do more to either move or help these children.

The third doctors have whenever convenient supported the orphanage. The demands and expectations of the children and their caretaker cannot be met properly but they have been appreciative of all the support provided and in their own words have constantly sent messages of thanks and praise to members of The Third Doctors, Engineer Nyanzi and Dr. Busonga. Questions of what to do next are always in play but the answers to that may be a far cry especially at a time when we also don't know what to do to help. We have appealed to government, friends and well-wishers to help but we still haven't found common ground.

Financial implications required at the orphanage

50Kgs of maize flour can feed the children for 6 days. This would include preparing porridge in the morning and Lunch but not dinner. 50Kgs of Maize flour cost 250,000 at the market. This can be prepared together with beans. 50Kgs of beans would feed the children for 6 days, the sack of beans cost between 300,000 and 340,000 dependent on the type (quality) of beans. This implies that feeding the orphanage children for six days would cost us between 550,000 and 590,000 without transport or any extras. (meaning their food is not spiced at all and their stew is not fried)

A better meal would cost the orphanage between 800,000 and UGX 1,200,000 in six days. A better housing condition for the children is highly require to effect change and control illness. The level of hygiene is hard to maintain in the current conditions. Refurbishing the orphanage is estimated to cost more money than RHU Or individual donors combined could come up with in a single time. Over UGX 212,000,000 would be needed to roof, clear the floor and renovate walls of the orphanage. There could be a possibility of providing land for the orphanage but the resources to construct are even more higher and possibly unaffordable.

Our Partners from South Korean, The Third Doctors managed to facilitate Beddings, Food through the festive season and some books for the school term that just started. This has gone a long way in keeping the children at the orphanage warm and their stomachs silent. We have managed to keep them healthy, paid some of their school dues, but for how long?

Strategies & Sources

Although RHU has started requesting for funding from other sources, for the past 10 years we have depended on support from Dr. Busonga's Businesses and commitments, Engineer Rehema Nyanzi and her businesses, A few companies and individuals. We have also received financial support from a constant donor The Third Doctors from the Republic Of Korea. These are the only current sources of which majority are not interested in supporting extra activities that are not health related. This has left Dr. Busonga as an individual and the Third Doctors as sole supporters of the orphanage.

We cannot tell how to raise resources for the children at the orphanage unless a strategy to fundraise is developed. This requires to understand that on top of the 1,200,000 required per week for feeding children, there's need for an extra few shillings to cater for other requirements and a seasonal contribution to cater for utilities. It also means that we must raise more money to refurbish the orphanage to accommodate healthy children. The task at hand would be a continuous weekly contribution that totals to a minimum UGX1,400,000 and a fundraising strategy aimed at collecting over UGX220,000,000

In this strategy, RHU would require to persuade government offices affiliated with environment, health and social welfare assessments to carry out free assessments to ensure compliance. We believe that as we submit these reports constantly to government, they will always adhere to our requests as they have constantly done so in the past.

For the past 3 years, RHU has had an interest in constructing a medical center (See plan in appendix), Which dream is to be shared with our partners, in this case we do hope that it does not hinder processes intended to complete this initiative for the orphans. If we were asked to choose between the orphanage and the RHU Medical Center, the answer would be the medical center because of its importance in the area to more than 5,239,123 people but that does not make the orphanage emergency any less important.

At this moment we are not aware of any individuals (besides Dr. Busonga), or entities committed to facilitating the orphanage at Bwayise. Support from our partners from the Republic of Korea is periodic and comes after special request and there is no commitment to it.

Appendix

Letter Submitted for the Support of the Orphanage

2019.12.11

친애하는 후원자님들께,

친애하는 Real Health 의 친구들에게,

우선 우리와 함께 우간다의 많은 생명을 살리는 긴 여정의 일부분에 함께 함을 진심으로 감사합니다. 당신들을 희망 없이 살아가는 많은 사람들에게 생존에 대한 희망을 불어 넣어주었습니다.

2020 년 4 월 14 일 부로, 우리 Real Health Uganda 가 우간다 사람들을 위해 일하게 된지 10 주년을 기념하게 되었습니다. 우리와 함께 해주셔서 감사합니다.

우리가 해온 일들:

Real Health Uganda 는 지난해 매우 어려운 시간을 보냈습니다. 특히 우간다 사람들에게 의료 서비스를 제공하는 의료센터들 돕는 부분이었습니다. 우리는 우간다 전국의 영양실조로 고생하는 어린이들과 여성들을 지원하고 의료기관들을 설립하기 위한 모금활동을 하는데 많은 어려움을 겪었습니다. 절망하고 포기하고 싶을 때도 많았지만, 당신들 덕분에 우리는 아직 여기에 있습니다. 감사합니다.

우리는 현재:

RHU 는 아직 좋지 않은 단계에 미루르고 있습니다. 아직 많은 것들을 필요로 합니다. 우리는 정부와의 세금전정에서 이기고 지며, 우리들의 사무실 또한 위협받았고 현재 많이 축소된 상태입니다. 한국의 "더 서드 닥터스"와 지역후원자들로부터 받은 지원으로 2018-2019 년 한해 동안 13,553 명의 환자를 보는 상황에서 이러한 사무실 축소는 더욱 우리를 힘들게 하였습니다. 같은 해 집계되지 않은 16,732 명의 환자들은 어딘가에서 죽었거나, 어딘가에서 도움을 절실히 원하고 있을 수도 있습니다.

2019 년 6 월부터 11 월까지 RHU 는 치료와 예방이 가능한 질병으로 고생하는 고아들 뿐만 아니라 지역 아이들을 후원하고 있습니다.

우리는 2019 년 3 명의 고통 완화 치료중인 환자를 잃었습니다. 이 환자들은 고통환자들로 치료를 받기도 하였으나, 얼마 가지않아 사망하였습니다.

참고: RHU-BL09191211

우리는 아직 부송가 의사가 하는 모든 일과 함께하는 SOM(소미)버스를 운영하고 있습니다. 이미 잘 아시겠지만, 우리는 소미버스를 계속 운영하려고 노력합니다. 환자들을 이송하고 약품들을 운송하며 의료진들을 현장에 투입하는데 절실히 사용되고 있습니다.

RHU의 행정부는 현재 더 나아진 상태입니다만, 우간다의 많은 사람들에게 의료혜택을 전달하기 위해서는 아직 다방면의 자원들이 모자란 상황입니다.

우리의 목표:

현재보다 큰 규모의 사무실과 필수적인 도구들이 필요합니다:

- RHU는 이를 위해 매달 \$1,250을 지불해야 합니다. 보다 큰 사무실이라 함은, 작업공간, 창고, 진료실, 그리고 방문자 대기실입니다. 이는 봉사대원들의 방문시에도 유용하게 사용될 것입니다.
- 새 사람 또한 필요합니다.
아직 소미버스가 현역에 있거나, 필요한 운송과 서비스를 다 하지 못한 것으로 예상됩니다. 저희 우간다의 도로 특성상 차량이, 버스, 부하가, 차량의 유지비용이 만만치 않습니다. 저희는 정치적인 상황이 급변하게 되는 상황을 기다린 후 새 차량으로 이동하고 의료서비스를 제공하려 합니다.
- 더 많은 봉사자들을 원합니다.
현재 GIVINGWAY 라는 페이지를 운영중에 있습니다. 이는 우리를 생각하는 친구들이 믿음을 근거로 기부할 수 있는 플랫폼입니다. 저희 GIVINGWAY 페이지 주소는 www.givingway.com/donate/real-health-uganda/ 입니다. 이 페이지에서 여러분 또한 기부를 실천하실 수 있으시며, 현재 가능한 봉사 기회를 확인함과 동시에 Real Health 에서 이뤄지는 일을 또한 보실 수 있습니다. 기술적인 지원, 정보 등을 포함한 다방면의 자원들을 통해 우리 지역이 더욱 건강해질 수 있습니다. 저희와 다시 한번 봉사에 참여하시길 고려해주세요.
- 금전적인 지원이 필요합니다.
금전적 지원없이 저희는 앞으로 나아갈 수 없습니다. 후원금은 저희의 은행계좌 또는 부송가 의사에게 보내주실 수 있습니다. 우리는 여러분의 기대에 맞게 후원금을 사용할 것이며, 후원금이 어디에 어떻게 사용되었는지 투명하게 보여드리겠습니다. 저희가 필요한 년 총 소독은 \$93,255.00 입니다. 이는 현재 벌어진 문제들을 해결하고 응급상황들을 모면하기 위해 필요한

금액입니다. 또한, 이 금액은 어떠한 행정적인 비용을 포함하지 않았습니다. 행정적인 금액은 저희가 직접 해결하고 있기 때문입니다.

그러므로 저희는 여러분께 GIVINGWAY 페이지를 통한 후원을 간곡히 부탁드립니다. 다른 온라인 송금 방식 또한 환영합니다. 후원방법에 대한 문의사항은 realhealthuganda@gmail.co 에 연락 부탁드립니다.

- 저희는 여러분이 필요합니다.

여러분들과의 소통이 없다면, 저희는 힘들 것 입니다. 여러분들이 나눠주신 따뜻하고 강인한 마음씨로 우리의 마음은 더욱 따뜻해 질 수 있습니다. 꼭 다시 찾아와 주시고 저희 페이지에 좋아요를 눌러주세요!

Facebook: <https://facebook.com/RealHealthUganda>

Twitter: <https://twitter.com/Realhealthug>

저희는 여기에 있습니다 그리고 여러분이 필요합니다.

현재 겪는 문제점들:

우간다의 정치적인 상황은 최악으로 치닫고, 독재 정부는 계속되고 있습니다. 선행은 선택이 아니며, 우간다의 현재 상태로 국민들의 건강은 안중에도 없습니다. 의료시스템은 더 나빠지고 있으며, 생태계는 파괴되어가고, 경제 분야는 빛은 상태입니다.

저희 사람들은 여러분들이 베풀어주신 자비를 통해 생존하고 있습니다.

저희의 10 주년을 맞아, 이 나라의 많은 아이들에게 미소를 주고 가난한 자들과 여성들이 미소 지을 수 있도록 여러분께 후원을 간곡히 부탁드립니다.

감사합니다,

Busonga Eliezah Titus
